SUMMARY

Frontend developer with hands-on experience building responsive web applications, internal business tools, and accessible user interfaces. Background in Information Systems with a growing interest in product thinking, UX, and how technology shapes the way people work.

EDUCATION

Bachelor of Applied Science in Information Systems (B.A.Sc. IS)

Aug 2020 – May 2024

University of Doha for Science and Technology | Doha, Qatar

EXPERIENCE

Frontend Developer

July 2025 – Present

PitchPro

- Developed responsive web interfaces and interactive UI components using **React** and **Tailwind CSS**, including dynamic forms, content previews, and media upload features.
- Integrated frontend components with **Firebase** to build dynamic dashboards and content workflows, implementing secure authentication flows, markdown rendering, and media upload pipelines.
- Audited and improved **WCAG 2.1 AA** accessibility compliance by resolving issues related to semantic HTML structure, ARIA attributes, form labelling, contrast ratios, and page navigation.
- Conducted QA testing across the app, documenting bugs and implementing fixes, improving overall product stability.

Information Systems Intern

Feb 2025 – Jun 2025

Ministry of Communications and Information Technology (MCIT)

- Developed internal business applications and dynamic frontend components using **Microsoft Power Platform** (Power Pages, Power Apps, Power BI) and **JavaScript**, designing SharePoint data architecture to connect UI elements to structured data sources.
- Automated workflows using **Power Automate**, including HTTP-triggered flows and JSON parsing.
- Led a 3-member intern team as **Project Lead**, overseeing technical development, documentation, and integration, and **authored a handover BRD (Business Requirements Document)** to support future maintenance.

Service Ambassador – Young Leisure Professional

June 2025 – Sept 2025

Leisure

- Generated actionable insights by analyzing guest feedback from survey responses and on-site observations, directly informing strategic updates to the Theme Park Playbook.
- Contributed to concept development for escape room and theme park proposals, aligning cultural relevance and innovative design with park strategy.
- Synthesized research and strategic recommendations into a final assessment report and presentation delivered to the Head of the L&D Department.
- Served as a committee member for the Leisure Awards Night, supporting event coordination and execution.

IT Support Intern

May 2024 – Aug 2024

Elegancia Healthcare / MMCH (Military Medical City Hospital)

- Developed and optimised RPA solutions using **Power Automate** to improve workflow efficiency and reduce manual tasks in healthcare operations.
- Assisted in deploying a new **Oracle** healthcare system, delivering training and ongoing support to medical staff during the Go-Live phase, ensuring smooth adoption.
- Provided daily **IT support, troubleshooting** hardware and software issues across multiple departments.

SKILLS

Core Competencies: Frontend Dev., Mobile & Web App Dev., Workflow Automation, UI/UX Design, Project Management

Programming Languages: JavaScript, TypeScript, HTML/CSS, Python, PHP | React, React Native, Laravel, Flask, Node.js

Databases: SQL (Oracle SQL, MySQL), NoSQL (MongoDB, Firebase), PL/SQL

Microsoft Power Platform: Power Apps, Power Automate, Power BI, Power Pages

Tools & Design: GitHub, Figma, Postman, Burp Suite, Draw.io, Lucidchart, Visio
